

COVID-19 Member Information Center Update

Please visit our [COVID-19 Member Information Center](#) for the latest member updates as we share developments with you in rapidly evolving circumstances.

Hi [--Merge1--],

In our ongoing effort to limit the spread of COVID-19, we're modifying our drive-up banking schedule at our Burns Branch.

Starting today, our Burns drive-up will be moving to a Monday, Wednesday, Friday schedule.

The branch lobby remains closed, though our ATM is available 24/7 for withdrawals and deposits.

Thank you for using our digital services whenever possible.

As we evolve our hours and services to protect our community, it's more important than ever to take advantage of our free [online banking](#) and [mobile banking](#) for routine transactions, including transfers, payments, mobile deposits, and more. We also offer an [online scheduling tool](#) to set up appointments by phone or video conference for any consultations you would normally have in person.

Visit SELCO's COVID-19 Member Information Center for the latest news.

For the latest on our response to the pandemic, including future updates to hours or services, visit the [COVID-19 Member Information Center](#) and our social media channels.

Thank you for your cooperation and understanding as we strive to serve you safely.
